## Question 10

Complete

Mark 10.00 out of 10.00

Write an HTML code to embed an audio file named 'music.mp3' (assume you have an audio file named music.mp3 in the same folder) with controls and auto-play.

```
<audio id="myAudio" preload="auto" controls>
<source src="music.mp3" type="audio/mpeg" />
If you see this, it means your browser does not support the audio element.
</audio>
```

Comment:

Question **11**

Complete

Mark 10.00 out of 10.00
